

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

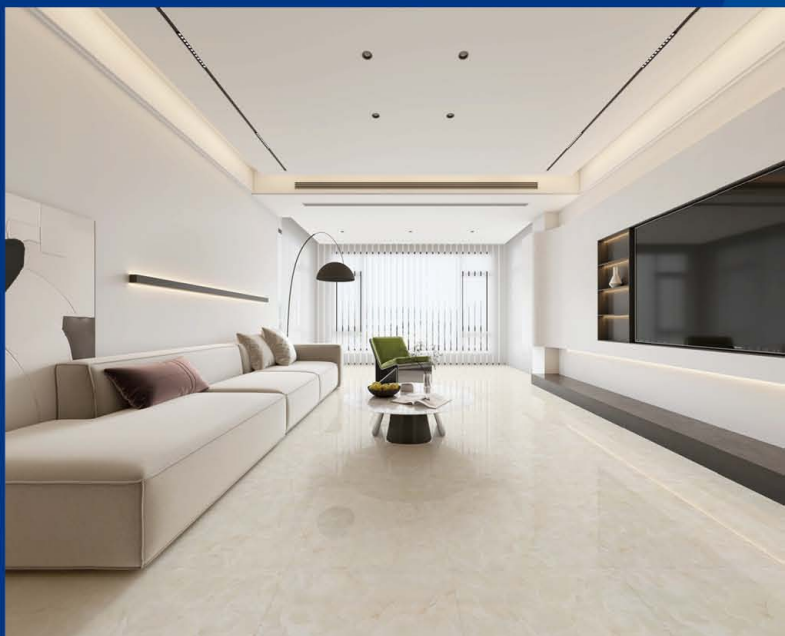

High rigidity

B6005
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

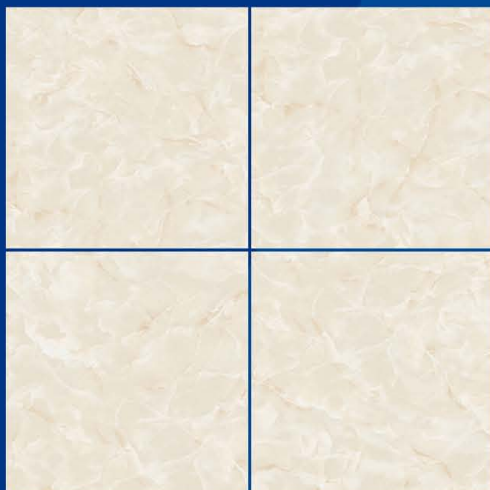

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6007
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

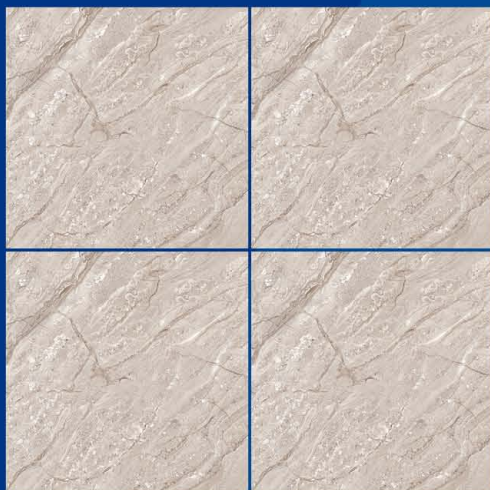

Strong sbrasive resistance

Anti-acid and alkali

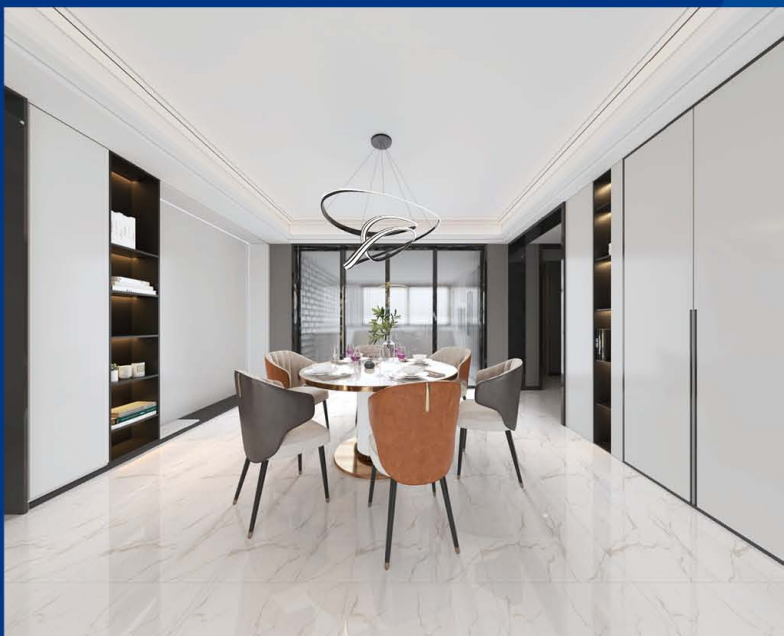

High rigidity

B6108
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

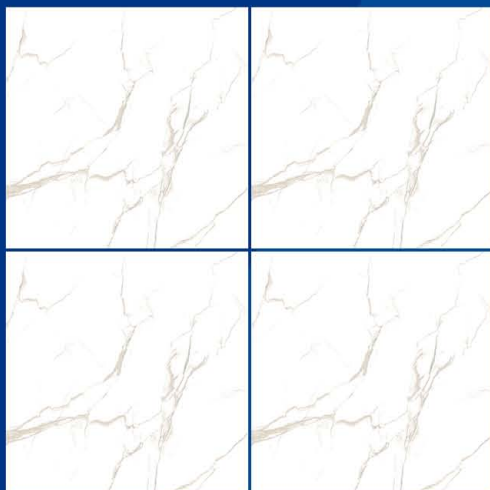

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6019
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

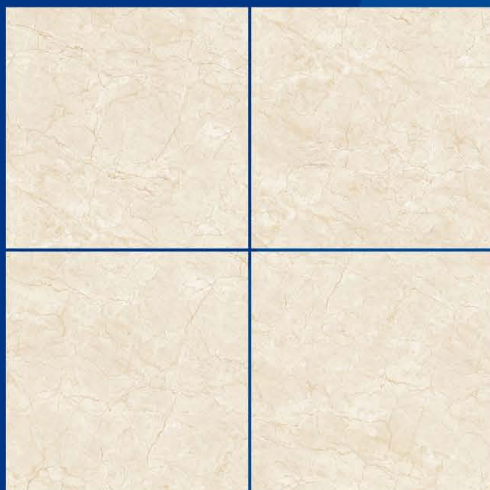

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6033
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

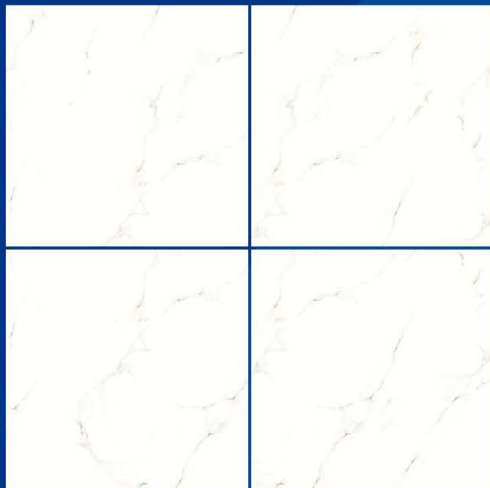

Strong sbrasive resistance

Anti-acid and alkali

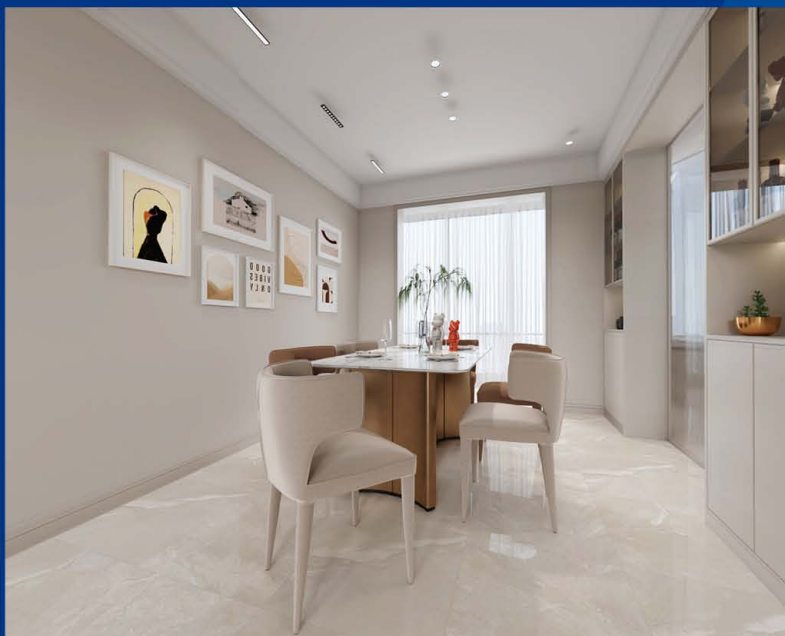

High rigidity

B6048
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

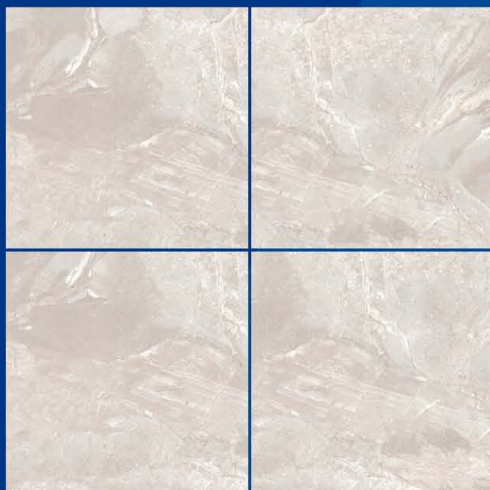

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

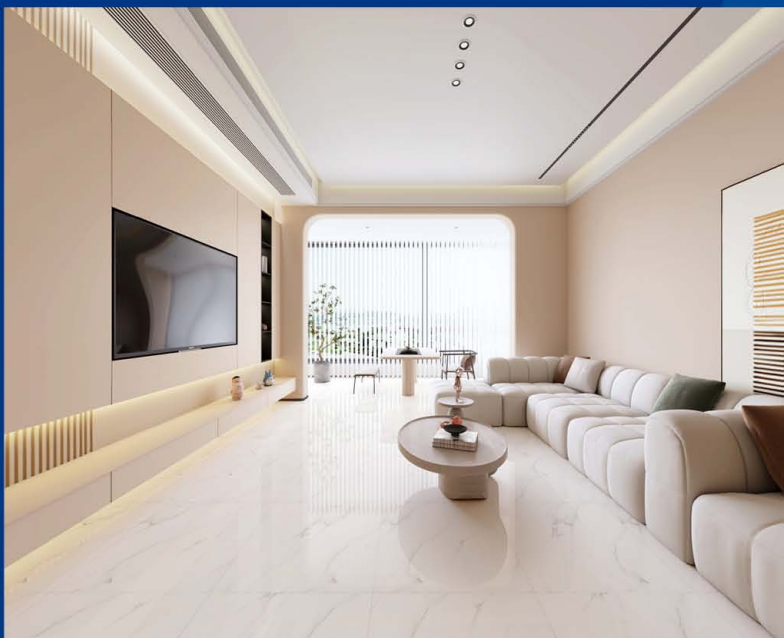

B6051

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

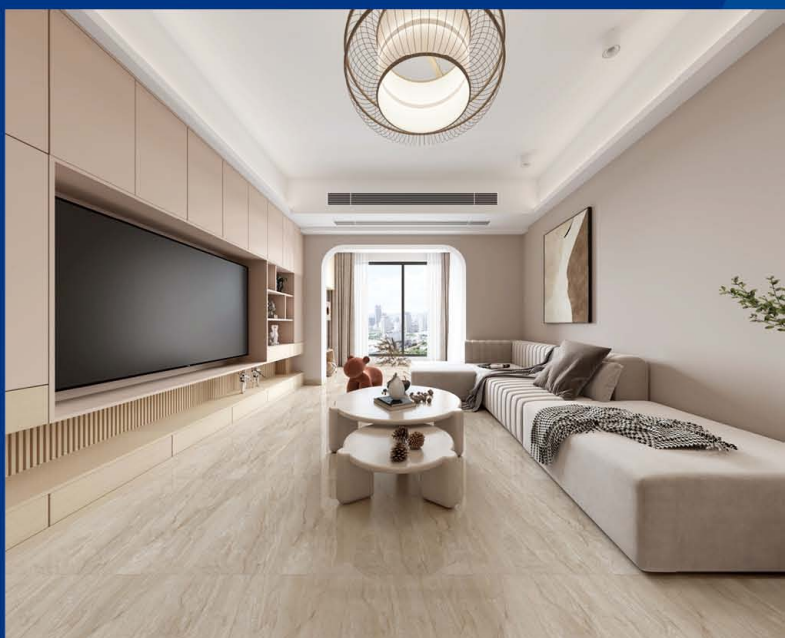

High rigidity

B6053
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

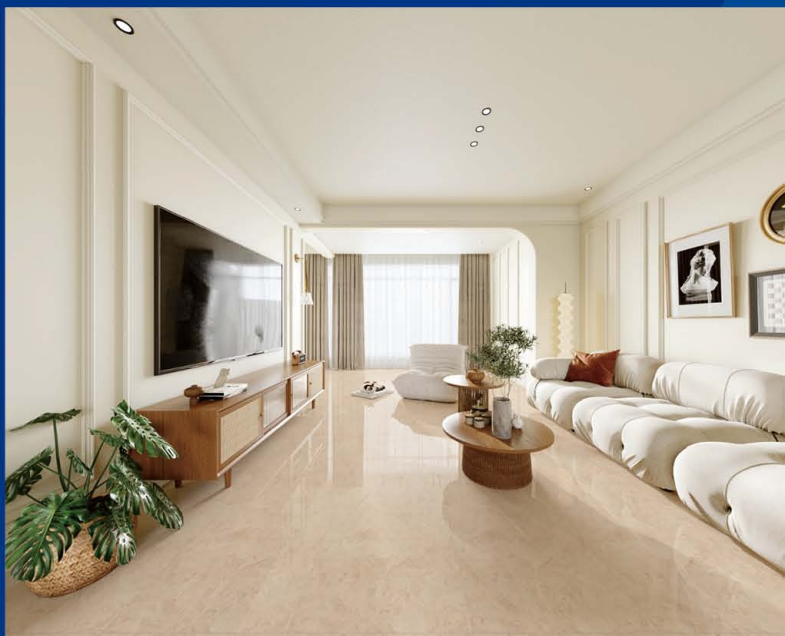

High rigidity

B6067
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

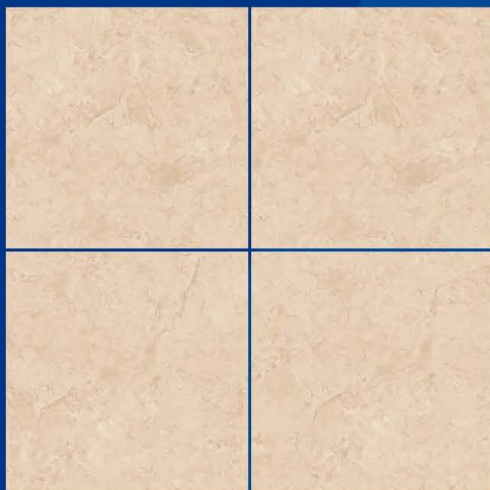

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6087
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

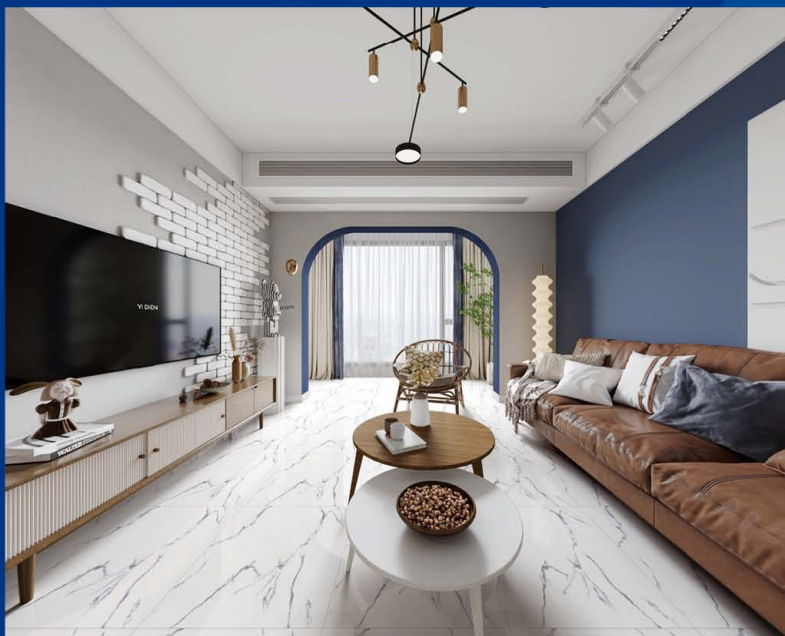

High rigidity

B6104
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

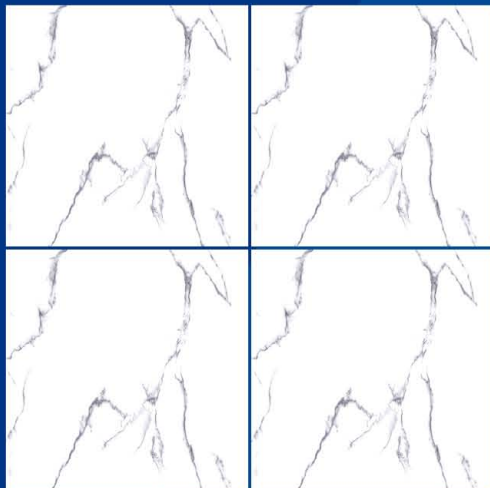

Strong sbrasive resistance

Anti-acid and alkali

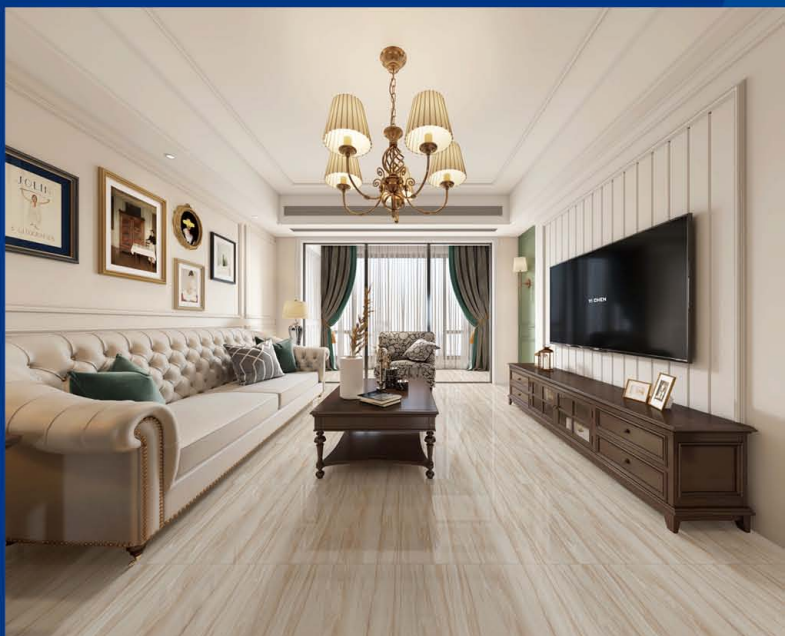

High rigidity

B6110
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

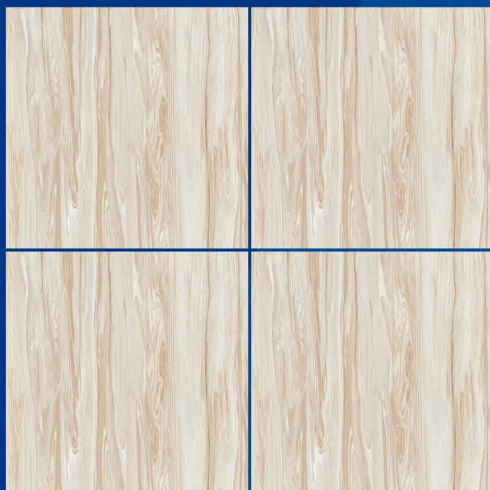

Strong sbrasive resistance

Anti-acid and alkali

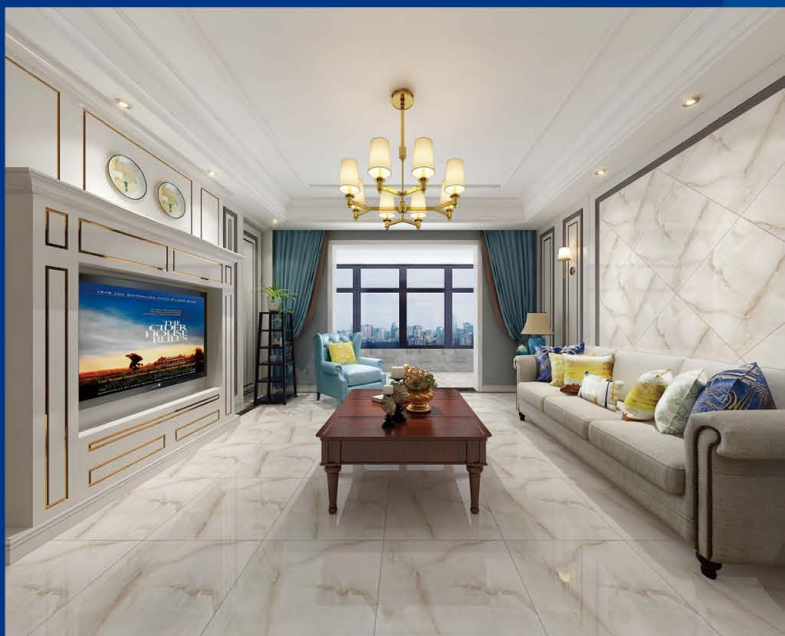

High rigidity

B6111
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

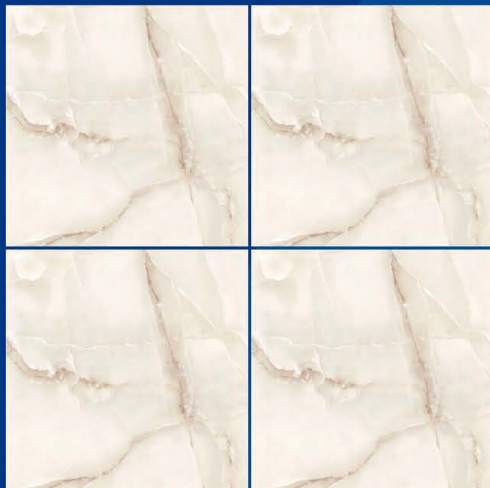

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6112
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

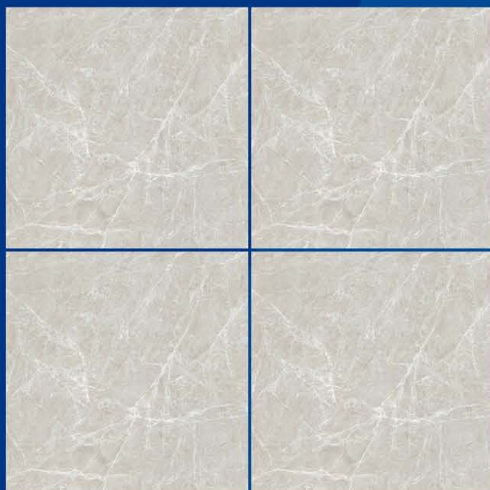

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6187
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

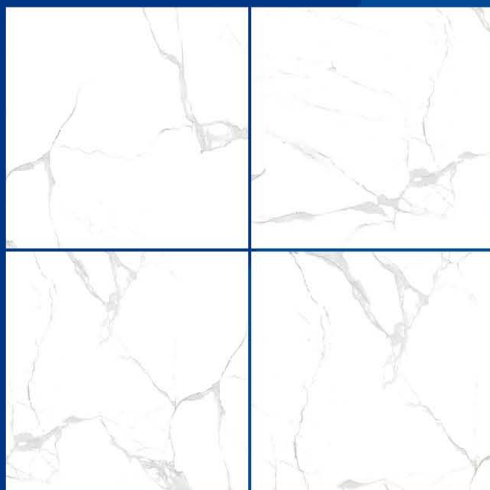

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6252
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

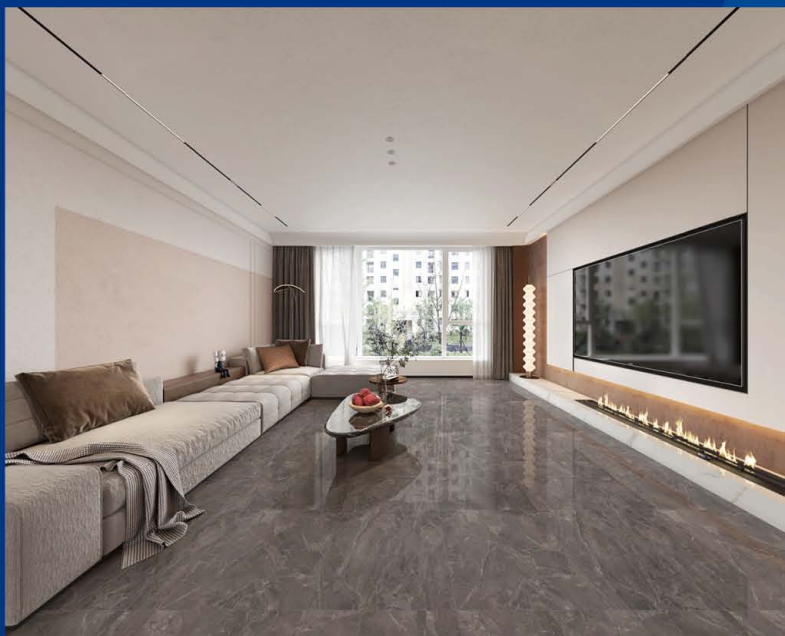

High rigidity

B6686
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

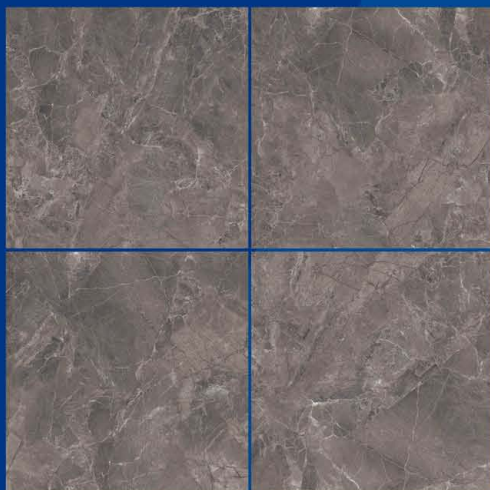

Strong sbrasive resistance

Anti-acid and alkali

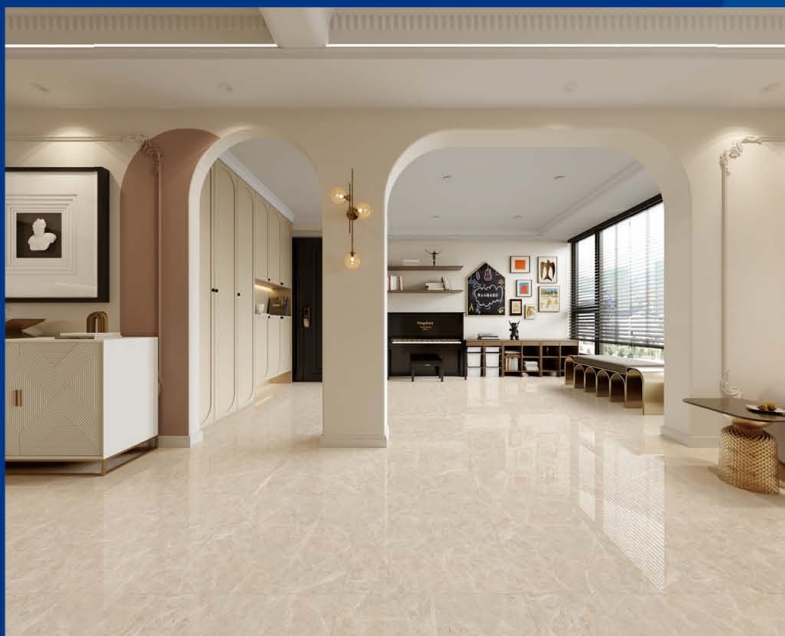

High rigidity

B6687
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

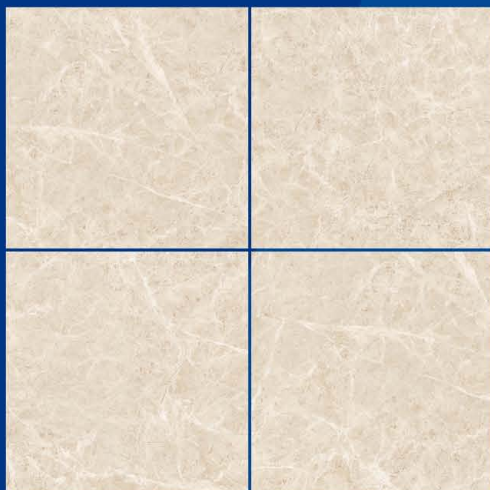

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

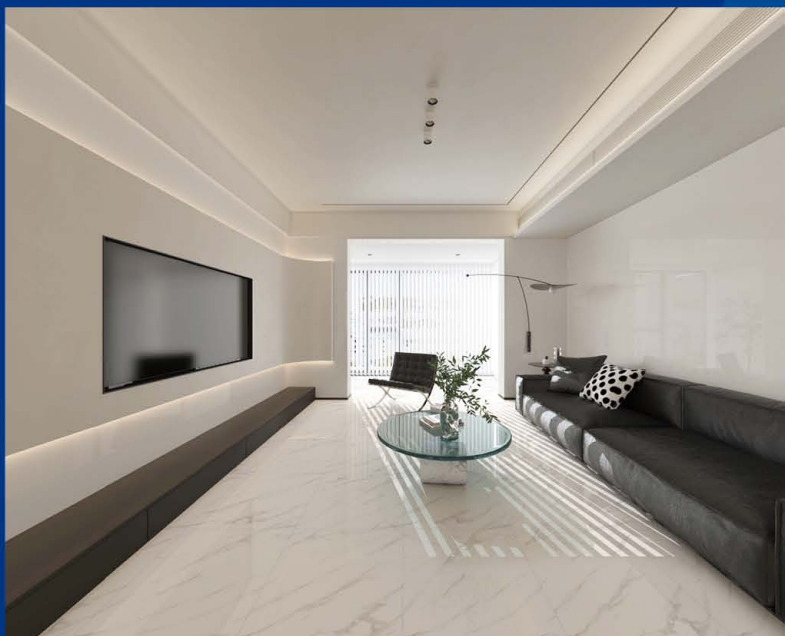

B6691

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6881

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

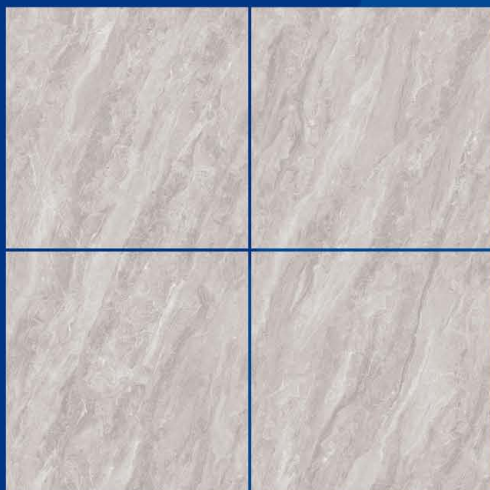

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6882
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6884
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

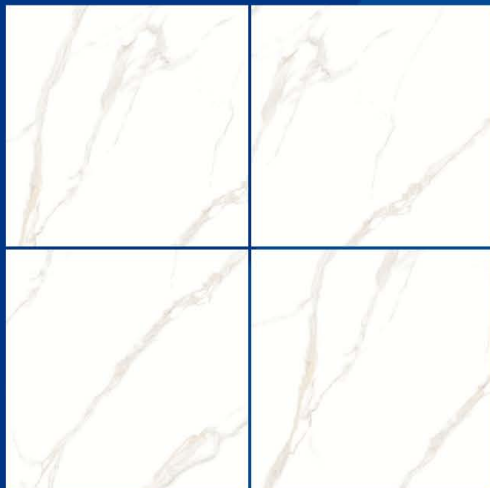

Strong abrasive resistance

Anti-acid and alkali

High rigidity

B6886
600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

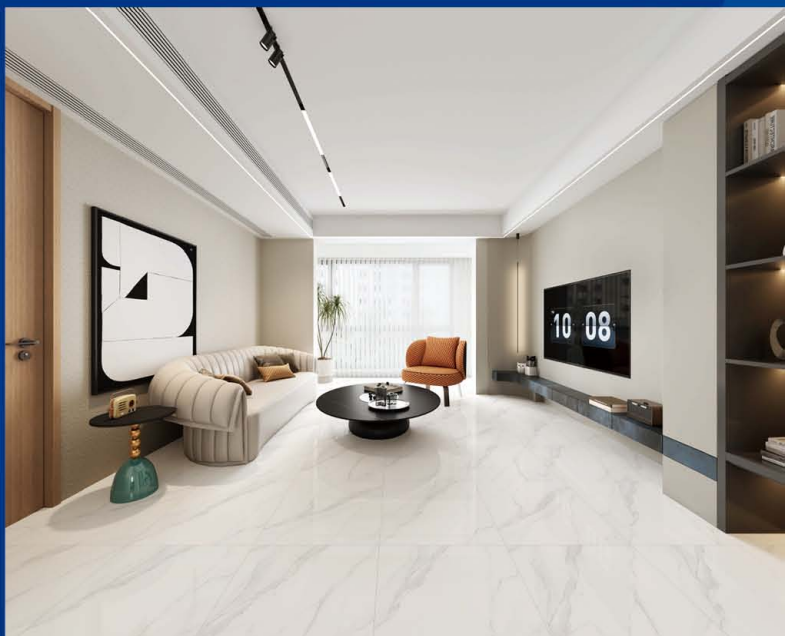

B6A1190

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6A1191

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

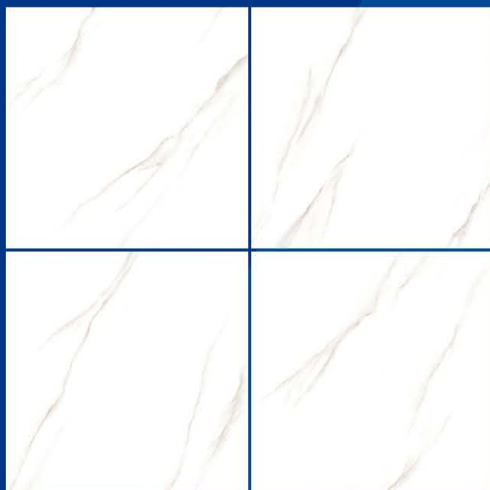

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6A1192

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

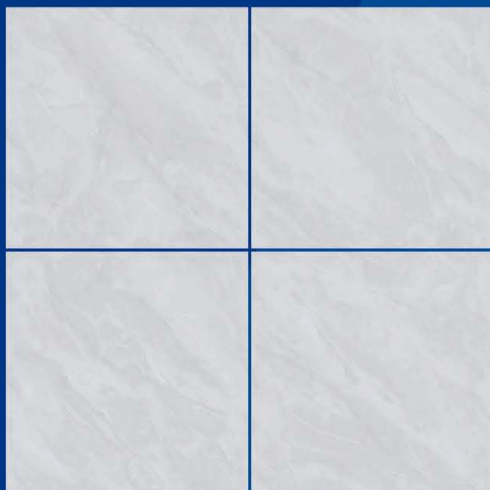

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6A1193

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

LONGWAYS CERAMICS

FULL BODY MARBLE TILE

Low water-absorption

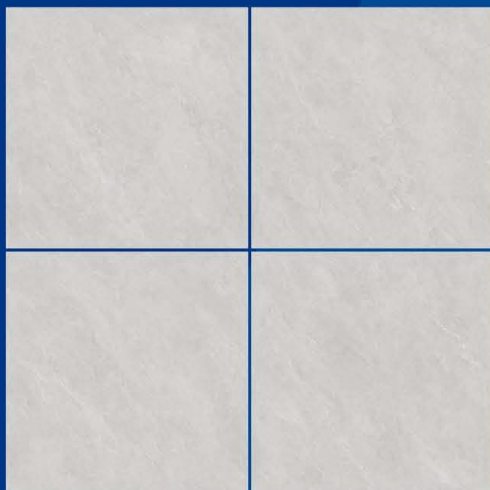

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

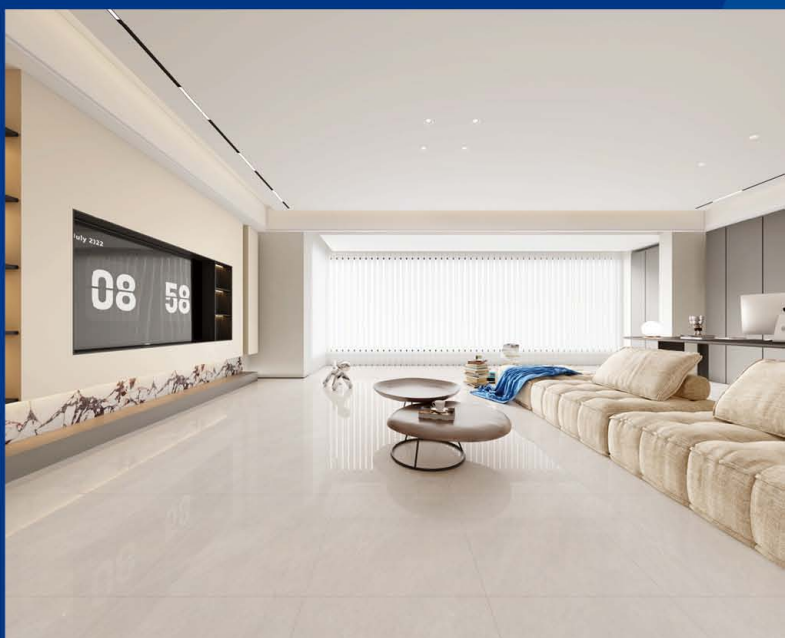

B6A1194

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

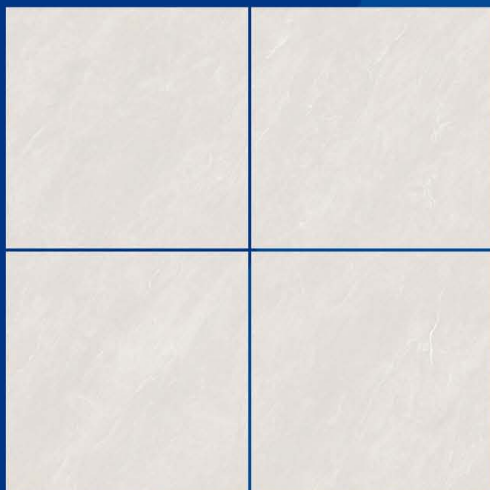

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

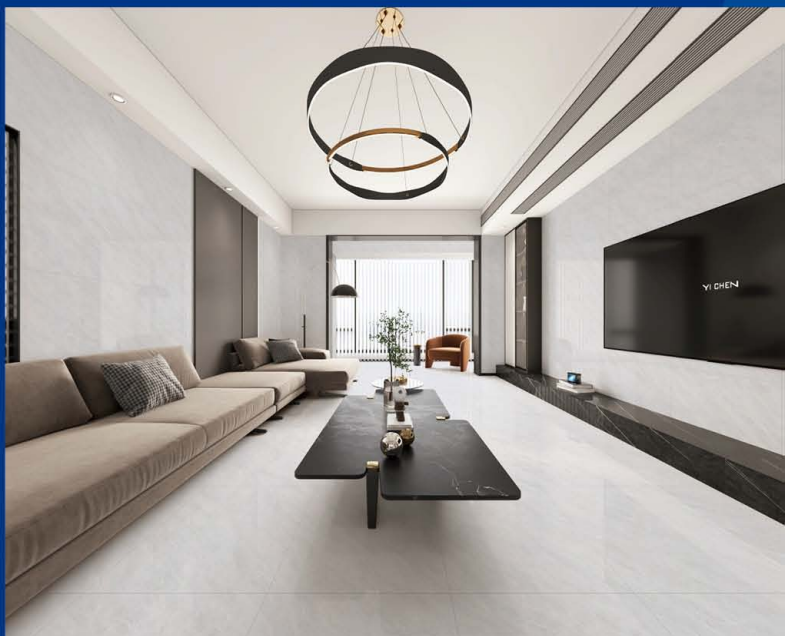

B6A1195

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.

FULL BODY MARBLE TILE

Low water-absorption

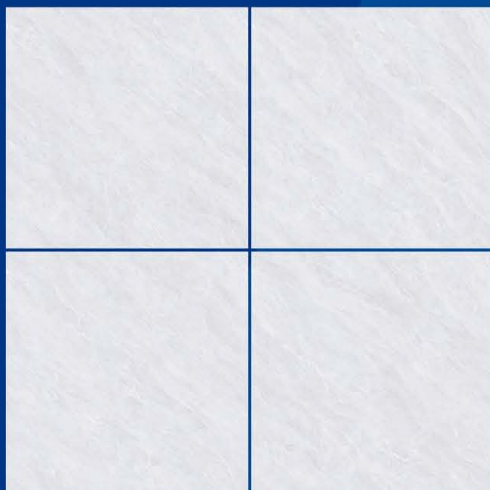

Strong sbrasive resistance

Anti-acid and alkali

High rigidity

B6A1196

600x600mm

Spatial Interpretation

The mixture of lines connect dull loneliness into full image; Combination can mingle messy thought into deep imago. The continuous image of conserves delicate affection and then bursts.
